Forest City Mechanical
2156 Slow Pitch Road
Putnam, ON N0B 2B0

Dear Mr. Harris:

On behalf of the Board of Directors, staff, and our partner families, I would like to express our thanks and appreciation for your contributions to Habitat for Humanity London Inc. Without the support of our donors we could not achieve our vision of a world where everyone has a safe and decent place to live.

Decent housing saves lives. It's a foundation where families become healthier, where kids leave for school in the morning and do their homework at night, where parents rest from one day and plan for the next. In decent housing, walls are strong and roofs are secure – and the family inside focuses more on thriving then surviving.

By partnering with Habitat for Humanity London, Forest City Mechanical is demonstrating a hands-on approach to addressing the need for affordable housing and is helping to create public awareness around this critical social issue.

Habitat comes one step closer to our goal of eliminating poverty housing, one house at a time; however, our passion and determination alone is not enough to break the cycle of poverty. It is through the generous donations of both time and money, that we are able to make the dream of ownership a reality for so many families in need of a decent, affordable home.

Again, thank you (to you and your staff) for your contribution and for making our cause your own – because of you we are able to continue to offer a 'hand up' not a hand out to our partner families, creating a brighter future for generations to come.

Yours in partnership,

Thank you for everything Dan!

Jeff Duncan, CEO
Habitat for Humanity London
